About the Training

The Youth Law T.E.A.M. of Indiana (YLT) offers a 3 hour comprehensive training regarding the Juvenile Justice and Delinquency Prevention Act (JJDP Act) of 2002. This training will highlight the Act and how it pertains to secure and non-secure detention and placement of youth under the age of eighteen (18) years. Attendees will participate in this interactive training by discussing hypothetical scenarios customized to address situations most frequently encountered by participants.

The goal of this training is to establish and develop the participants' understanding of the similarities and conflicts between Indiana law and federal law on the treatment of juvenile detainees, both pre- and post-adjudication. After attending the seminar, those in attendance should be able to correctly identify the conditions under which youth may be detained and therefore avoid unintentional non-compliance with the Act or advocate on behalf of youth to prevent unlawful detention.

Who should attend?

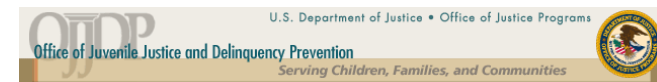

This training is appropriate for facility administrators, law enforcement officers, intake officers, and line staff, especially those persons responsible for intake/admissions decisions are encouraged to attend. Other juvenile justice professionals, such as judges, probation officers, DCS case-workers public defenders, prosecutors, service providers would also benefit from this training.
